

Friday, October 5th

30 minutes of fun outside!

CHALK WALK FUNDRAISER

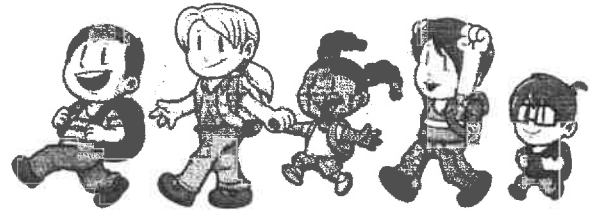

*Friday, October 5th is the
first Chalk Walk fundraiser!*

*The kids spend part of their day outside
(weather permitting) being active together.*

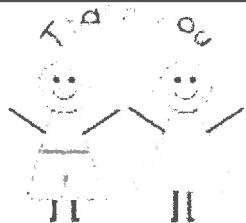

*The event is made fun with chalk
messages, dances, music and popsicles!*

For every \$5 raised, the student will receive a
ticket to vote on a teacher on their team to get
silly-stringed during their time outside!

Any student raising any amount, even \$1, will
be entered into a drawing for a free pass to a
PTO hang-out event!

*This money raised will help provide
extras that improve the quality of
education at FCI. Funds will go towards
paying for students' field trips and
transportation, extracurricular clubs and
sports, 5th & 6th grade parties, band
and orchestra support, scholastic
subscriptions, supplies for classrooms
and teachers, and much more!*

Thank You!

For Helping Our School

Please help your child get as many pledges as
possible. There are prizes for top fundraiser
per grade and top fundraising class per grade.

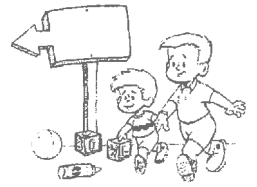

Don't forget to wear FCI gear (or blue
and grey), comfy shoes and maybe even
bring a water bottle. Thanks!

Questions? Contact Carrie Devine-Ransom at
catherinedevine21@msn.com

If you do not want your child having a popsicle, please contact Carrie, and alternative arrangements will be made.

FCI Chalk Walk Pledge Form

Friday, October 5th is the first Fall Creek Chalk Walk.
Each team will spend time outside walking and dancing!

This is a fun and healthy way for students to help raise money for the school,
which helps provide "extras" that improve the quality of education at FCI.
The Chalk Walk replaces traditional fundraisers such as selling discount books
and is a safe & healthy way for me to contribute to my school.

My goal is to raise at least \$45 and every dollar helps!
Thank you in advance for supporting our Chalk Walk!

Student Name _____ Team _____ Teacher _____

*Cash or checks accepted. Please make checks payable to **FCI PTO**. Thank you!

Name	Amount Pledged	\$ collected
